

This collection of horror stories asks: are there moments in your past you ignore...pretend never happened...moments you hide from yourself and others? What if the only thing imbuing our past with a sense of dread and terror is the fact that our future is based on it? And every evil incident has given the devil a foothold to step inside and make himself at home in our hearts. Be it a secret vice, a childhood trauma, or disturbing holiday traditions, Devil Entendre is a Petri dish in which the dark moments of our lives are allowed to evolve unencumbered.
